

# Is Your Environment Safe?

## 3 Facts to Slip and Fall Liabilities

Preventing slips and falls should be a top priority for any business operator, property manager, or owner. An injury to a worker or customer caused by a slip and fall accident can be extremely costly due to legal liabilities.

- Over 1 million people suffer from injuries due to slip and fall accidents each year.
- One in three elderly fall every year.
- The average cost of a slip and fall injury is over \$15,000.00

Victims of slip and fall injuries can be entitled to benefits such as past and future medical expenses, lost wages, and earning potential.

Ensure a safer environment and reduce your liabilities by preventing slips and falls with Green Shield Floors' nonslip safety solutions.

SlipSafe

## Feel Safe with An Amazing Nonslip Bathtub Treatment!

Slip Safe for bathtubs is the fastest and safest way to prevent slips and falls in the bathtub.

We will thoroughly clean your bathtub with our unique cleaning formulation which removes oil, grease, and bacterial contaminants.

Then, we'll apply Slip Safe on your bathtub to create an invisible microscopic barrier which prevents residues from penetrating the tub's surface and creating a safe, sanitary, slip resistant bathtub.

Lasts for years!

\* Not for acrylic or glazed bathtubs.

## Prevent Slips On Decks & Patios

Slip Safe is a revolutionary anti-slip solution to slippery wet floors. Families will be safe around your pool decks, shower bays, bathrooms, change rooms, and kitchens areas. Check out what our client are saying:

*A big thanks to the hard working people at Green Shield Floors for helping us make our facility safer. You accommodated our schedule, our floors look very clean and most importantly, the floors are no longer slippery. Our staff and clients are very impressed with the result.*
